

Wedding Cakes and Cupcakes

Each cake tier is a tall 3-layers cake covered in Italian meringue buttercream, which is deliciously rich from the butter; but still light, airy and not too sweet. You can choose a separate flavour per tier.

Here are some examples of flavours we can make for you. You can choose different cake and filling. If you would like something different, please feel free to contact us.

These are all rounds. We may be able to make square cakes as well. Please let us know if are interested in discussing other options.

Base price includes a buttercream finish. Additional design details are available, cost vary depending on design components and time it takes to create. Provide us with a picture of a cake you like and we can let you know if we can make one like it for you!

Cupcakes start at \$4 each, Deluxe \$4.5/\$6. You can choose different cake base and Italian meringue buttercream flavour. Minimum order of 12 per flavour combination.
